Youth Animal Project Agreement
(to be completed at the beginning of the project)

The youth (4-H member) is responsible for caring for the animal, which will include feeding, health care, providing fresh, clean water, providing a pen, washing, and showing. The youth will use this project as an educational tool to learn skills needed in the livestock industry. This project will also help the youth accept success and failure as a learning experience. The youth will keep accurate records on their project animal.

I accept these responsibilities.

Member's Signature

Date

The parents/guardians are responsible for providing financial help, if needed, along with assistance and encouragement while the youth is raising this animal.

I/we accept these responsibilities.

Parents'/Guardians' Signature

PURPOSE OF A 4-H ANIMAL SCIENCE PROJECT

The purpose of a 4-H POULTRY animal science project is to achieve the following:

- To acquire an understanding of the animal industry by preparing for, purchasing, caring for, and keeping records on one or more animals.
- To be able to identify the types and breeds of animals and employ efficient methods of marketing and showing.
- To understand the business aspects and economics of purchasing animals, feed, facilities, and equipment for an animal science project.
- To develop integrity, sportsmanship, and cooperation.
- To develop leadership abilities, build character, and become responsible citizens.

4-H CLUB REQUIREMENTS FOR YOUR ANIMAL SCIENCE PROJECT

- Maintain records throughout the project and complete this record book
- Remain in good standing as a 4-H club member
- Attend at least 2/3 of your club meetings and activities
- Complete two (2) workshop trainings
- Complete at least four (4) hours of community service
- Assist with any events or fundraisers for your Club
- Assist with any additional activities set by your Club Leader (such as participation in County Events)

GOALS AND ACHIEVEMENTS FOR YOUR PROJECT

Goals should be established at the beginning of your project. Choose several goals for your project which will be challenging, yet reachable. Your 4-H Club Leader will help you select goals which are appropriate for your age, your experience, and your interests. Goals should include all aspects of your project or 4-H activity. At the end of your project, compare your goals with your achievements and ask your leader initial and date the goals you achieve.

What I plan to do ✓	GOAL	Date Achieved	Leader's Initials	Comments
	Raise my animal(s) to completion and exhibit at the county fair.			
	Exhibit my animal at fairs/exhibits other than county fair.			
	Take full responsibility for the fitting and showing of my animal.			
	Be in the top 5 of my class with my animal.			
	Complete my record book to the best of my ability.			
	Market/sell products, such as eggs, from my project.			
	Learn how to groom and care for the health of my animal.			
	Give a demonstration or illustrated talk about my project.			
	Enter the 4-H County Events for a topic related to my project.			
	Other: List here			

PROJECT INVENTORY - ANIMALS

SHOW RECORD AND PREMIUMS

List any winnings from fairs or exhibitions. Include awards, premiums, or add-ons.

Date	Animal ID Number, Lot or Name	Name of Fair or Show	Specie/Breed	Entry or Class & Placing	Award or premium amount won \$
				Total Show Earnings:	\$

OTHER INCOME

List any income from your project outside of show earnings. Include donations, sponsorships, gifts from friends or relatives, money received from eggs sold, birds sold, manure or equipment sold.

Date	Sponsor or Buyer Name	Type of Income (from list above)	Total \$
		If none, enter zero.	

For more information about requirements to sell eggs or dressed poultry in Florida, please visit:
https://www.fdacs.gov/content/download/64357/file/Limited_Poultry_and_Egg_Operation_Requirements.pdf

HEALTH RECORDS

This should include a record of any health-related activities including well-animal care (deworm, vaccinate, or use of veterinarian services for any other reason). Indicate what was used, how much was used, and what it was used for. Include items such as a health certificate. If animal(s) are healthy throughout the project, make note of this in the area below.

Treatment Date	Animal ID Number, Lot or Name	Symptoms/Condition (include prevention care)	Treatment Given	Dosage	Withdrawal Time

POULTRY PROJECT ACTIVITY RECORD

Check all of the following that apply to your project:

- I taught another person in my family, club, or community about poultry/animal science.
- My family and I used or ate products from my poultry project.
- I participated in additional 4-H activities, such as poultry judging, demonstrations or public speaking, or community service that incorporated my project birds.
- I researched information to learn how to market and sell my eggs, my meat/broilers, or other products from my poultry project.
- I learned about diseases and health issues that can affect poultry and how to better care for my animals.

PROJECT SUMMARY
INCOME

A. Value of project inventory/supplies kept (page 5) =

\$ _____

B. Value of animals at the end of the project (page 6) =

\$ _____

C. Show earnings (page 10)=

\$ _____

D. Other income from project (page 10)=

\$ _____

TOTAL INCOME (A+B+C+D) =

\$

EXPENSES

A. Cost of animal raised or purchased for the project (page 6) =

\$ _____

B. Total non-feed expenses (page 7) =

\$ _____

C. Total feed costs (page 8) =

\$ _____

TOTAL EXPENSES (A+B+C) =

TOTAL PROFIT OR LOSS

(TOTAL INCOME – TOTAL EXPENSES) =

\$

PROJECT PHOTOS OR DIAGRAMS

Show photos from the beginning to the end of your project. You should include photos of different skills or activities you have learned from participating in this project. Include between 4-8 pictures and please include a caption with each one. These captions should explain what you are doing and why you are doing the things in the photo. Spelling and grammar count. If you are unable to take and print photos, you may sketch or draw scenes from your project from the beginning to the end.

PROJECT PHOTOS OR DIAGRAMS (continued)

PROJECT STORY OUTLINE

You will make an outline for your project story first. It should include what you have learned about your animal, what safety practices you used, and what you could do to improve your project.

- I. Introduction
 - A. What animal(s) did you raise, breed, color, markings, etc.
 - B. Where did you keep your animal, type of pen/housing, living area, etc.
 - C. Why did you choose to do this project for 4-H?

- II. What did you learn?
 - A.
 - B.
 - C.

- III. What safety practices did you use?
 - A.
 - B.
 - C.

- IV. What improvements could you have made?
 - A.
 - B.
 - C.

- V. What goals did you achieve that you had set out from the beginning?
 - A.
 - B.
 - C.

- VI. Summary – Leave the reader with an overall idea or ending thought about your project. This is the conclusion to your story.
